Submission Date: 23 January 2025

Hackathon Project: Q-Commerce FoodTuck Restaurant

1. Deployment Checklist

Environment Setup:

- [✓] Configured production environment variables securely.

- [✓] Encrypted and securely stored sensitive data (API keys, database credentials).

Secure Hosting:

- [✓] Used Vercel for hosting the project.

- [✓] Enabled HTTPS for all traffic using SSL certificates.

Codebase Management:

- [✓] Kept the production repository private.

- [✓] Separated staging and production repositories.

- [✓] Documented each step of the deployment process.

2. Security Checklist

Penetration Testing:

- [✓] Tested for vulnerabilities (SQL injection, XSS, CSRF, etc.).

- [✓] Used tools like OWASP ZAP and Burp Suite.

- [✓] Prioritized testing on critical areas (payment systems, login authentication).

Data Encryption:

- [✓] Encrypted sensitive user data (passwords, payment details).

- [✓] Ensured secure data storage and transmission.

User Management:

- [✓] Implemented role-based access control (RBAC).

- [✓] Maintained a separate admin dashboard.

Periodic Testing:

- [✓] Scheduled recurring security audits.

3. Post Go Live Checklist

Branding and Marketing:

- [✓] Designed a professional logo and brand identity.

- [✓] Created a strong social media presence.

- [✓] Launched paid ads, SEO, and email campaigns.

- [✓] Collaborated with influencers for promotions.

Investor Partnerships:

- [✓] Pitched the marketplace to potential investors.

- [✓] Defined terms of partnership (equity sharing, roles, responsibilities).

- [✓] Ensured contracts align with long-term business goals.

Inventory and Resource Management:

- [✓] Collaborated with investors for inventory planning.

- [✓] Automated inventory tracking.

- [✓] Allocated resources for data entry, order fulfillment, and customer support.

4. Business Pitch Deck

Introduction:

- Marketplace Name: Q-Commerce FoodTuck Restaurant

- Tagline: "Delivering Deliciousness at Doorstep"

- Vision: To revolutionize food delivery by providing a seamless and efficient platform for customers and restaurants.

Problem Statement:

- Many customers face delays and inefficiencies in food delivery services. Restaurants struggle to manage online orders effectively.

Solution:

Q-Commerce FoodTuck Restaurant provides a fast, reliable, and user-friendly platform for food delivery, integrating advanced technologies like Next.js, Firebase, and Sanity for seamless operations.

Market Opportunity:

- The food delivery market is growing rapidly, with a projected CAGR of 10% over the next five years. Our platform targets urban areas with high demand for quick and efficient food delivery services.

Product Features:

- Real-time order tracking.

- Secure payment gateways.

- User-friendly interface for both customers and restaurants.

- Advanced analytics for restaurants to optimize their operations.

Business Model:

- Revenue will be generated through commissions on each order and subscription plans for restaurants.

Marketing Strategy:

- Leverage social media, influencer partnerships, and referral programs to attract customers.

- Use SEO and paid ads to increase visibility.

Team:

- Riaz Hussain: Full-stack developer and project lead.

- [*I will add more team members if needs*]

Financial Projections:

- Expected revenue: $1600 per month initially, scaling up to $2500+ with investor support.

Call to Action:

- Seeking $300-$400 in initial funding to scale operations and attract more customers.

5. Professional Resume:

Name: Riaz Hussain

Contact Information:

- **Email: infosaifideveloper@gmail.com**

- **LinkedIn: Riaz Hussain Saifi**

- **GitHub: Riaz-Hussain-Saifi**

Skills:

- HTML, CSS, JavaScript, TypeScript

- TailwindCSS, Next.js, React.js, Node.js

- Firebase, Sanity, Prisma, NextAuth, Clerk, JWT

- Figma (UI/UX Design)

Hackathon Achievements:

- Successfully built and deployed Q-Commerce FoodTuck Restaurant using Vercel, Sanity, Firebase, and other advanced technologies.

- Conducted thorough testing using PageSpeed.web for performance optimization.

6. Gratitude and Positive Gestures

Thank You Notes:

To Governor of Sindh Kamran Tessori:

Thank you, Governor Kamran Tessori, for your GIAIC (Governor Initiative of Artificial Intelligence & Computing) and unwavering support in making these hackathons possible. Your initiatives have not only provided us with a platform to showcase our skills but have also inspired countless young minds to dream big and work hard. Your dedication to education, technology, and youth empowerment is truly commendable. This project, Q-

Commerce FoodTuck Restaurant, is a testament to your belief in the potential of the youth. We are deeply grateful for your efforts in creating opportunities for us to learn, grow, and succeed. Thank you for being a beacon of hope and progress for Sindh and beyond.

To Sir Zia Khan:

Thank you, Sir Zia Khan, for your guidance and encouragement throughout this journey. Your insights and expertise have been invaluable in shaping this project. Your passion for technology and innovation has inspired us to push our limits and deliver our best.

To CEO Daniyal Nagori:

Thank you, Daniyal Nagori, for your mentorship and for challenging us to think creatively and strategically. Your advice has been instrumental in helping us refine our ideas and execute them effectively.

To Sir Ameen Alam:

Thank you, Sir Ameen Alam, for your dedication and for teaching us the best practices in deployment and post-launch strategies. Your support and encouragement have been a driving force behind this project. Your commitment to our success is deeply appreciated."

To All Teachers and Faculty:

"Thank you to all the teachers and faculty members who volunteered their time and expertise to guide us through this journey. Your hard work, patience, and belief in our potential have made this experience unforgettable. We are truly grateful for your efforts.

A Special Note on Teamwork:

Currently, I am working alone on this project, but I am open to collaboration. If anyone joins my team, we will work together to achieve even greater success. Teamwork is the key to innovation, and I look forward to building a strong team in the future.

7. Final Notes

This journey has been a transformative experience, and I am grateful for the opportunity to learn and grow. I promise to carry forward the values of Credibility, Transparency, Honesty, and Quality in all my future endeavors.
